International Distributor Kit

A practical introduction for importers, wholesalers and retail partners

Brand owner	Super Gulf Trading LLC, Dubai, UAE
Contact	info@super-gulf.com | +971 54 1555 667
Website	www.super-gulf.com/koresa.html

1. Brand story

KORESA is a home-appliance brand owned by Super Gulf Trading LLC in Dubai. It is being developed for distributors that value direct communication with the brand owner, clear commercial terms and market-focused product planning.

Why partners consider KORESA

- Direct relationship with the brand owner
- Product information and approved marketing assets when available
- Territory and commercial terms reviewed market by market
- Written model, packaging, warranty and delivery confirmation before order

Current range

The current website introduces KORESA kerosene heaters, including TS-77S and TS-460S configurations. The final specification, origin, safety features, approvals, colours, packaging and availability are confirmed in the model quotation and approved documents.

TS-77S	Available tank-capacity configurations include 4.0 L and 5.5 L. Final specification is quotation-specific.
TS-460S	Available tank-capacity configuration includes 7.0 L. Final packaging and loading details are quotation-specific.

2. Safety, quality and documentation

Product claims must match the approved document for the exact model and destination. Super Gulf does not ask partners to rely on unconfirmed website claims.

Documents supplied as applicable

- Approved specification sheet or manual
- Packaging and loading information
- Applicable certification or test documentation
- Written warranty and spare-parts position
- Commercial invoice and export documentation for the transaction

Important

Safety features and certifications are model-specific. They must be confirmed in writing before marketing, registration or import. Destination-country approvals and import compliance remain subject to the final agreement and local requirements.

3. Distributor terms

Topic	Working policy
Territory	Reviewed by country. Exclusive or non-exclusive status applies only when agreed in writing.
Minimum first order	Quoted by model, packaging and container plan.
Annual commitment	Agreed only where applicable to the territory arrangement.
Pricing	Distributor price list on request; any volume tiers are confirmed in writing.
Support	Available approved photos, specification sheets, artwork and packaging files.
Warranty and spare parts	Confirmed by product and market in the quotation or distribution agreement.

Territory availability

Applications are open for international markets, subject to review. No territory is represented as reserved or taken until Super Gulf confirms it in writing.

4. How to apply

Step 1 - Send your company details

Provide company name, country, years in business, wholesale/retail/online channels, estimated yearly volume, current brands, website and WhatsApp number.

Step 2 - Confirm territory and terms

Super Gulf reviews the market, route to market and product fit, then communicates the applicable terms in writing.

Step 3 - First order and marketing kit

Following approval, confirm the first order and receive the approved marketing assets available for the model and market.
