# ALPACA KEROSENE HEATER

GLASS BURNER • SAFETY TANK SYSTEM • AUTOMATIC SHUT-OFF

# TS-77S

## COMPACT & STANDARD KEROSENE HEATER

Classic design. Proven performance. Trusted by professionals worldwide for safe, reliable and efficient radiant heating.

SAFETY TANK SYSTEM

**SAFETY TANK SYSTEM**
Reduces the risk of fuel leakage even if the heater is overturned.

**AUTOMATIC SHUT-OFF DEVICE**
Enhances safety by automatically extinguishing the flame.

**REINFORCED GLASS BURNER**
Durable, heat-resistant glass burner for powerful and long-lasting performance.

**JHIA CONFORMITY**
Meets Japan's JHIA safety standards for your peace of mind.

HEATS
16–18 m²
EFFICIENT & COMFORTABLE WARMTH
